

Certification Technical Officer

ENplus® certification is recruiting a **Certification Technical Officer** for joining the Certification department in supporting the development of the **ENplus® scheme**. **ENplus® is a certification scheme that guarantees wood pellet quality**. More information: <https://www.enplus-pellets.eu>.

Tasks and responsibilities

- Handle the organisation of the trainings for the quality managers and truck drivers of the ENplus® certified companies and continuously improving the training material
- Support the operational team in handling technical questions
- Support the implementation of the new requirements
- Supporting the development and implementation of procedures/guidance documents
- Handle the ongoing technical projects
- Episodic support in other certification related tasks or Bioenergy Europe activities

Profile

- Technical background (pelletising, biomass, bioenergy, standards, certification, auditing, etc.)
- Full professional proficiency in English (written and spoken)
- Experience with ENplus® is an asset
- Procedures oriented
- Autonomy and meticulousness
- Fast learner
- Team player with a positive attitude, sociable and reliable

What we offer

- Full-time position based in Brussels starting as soon as possible
- Permanent contract
- Meal tickets and public transport are offered on top of the salary
- Friendly work environment with a young, dynamic and multicultural team

If you are interested, send us one PDF document with your **CV** and **motivation letter** through the form available [HERE](#). Interviews will be held in Bioenergy Europe's premises. Only short-listed candidates will be contacted for an interview.
